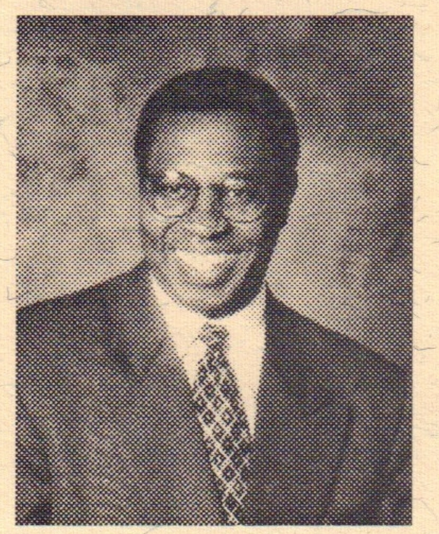
System Alumni ..... **Dr. Fred Gainous, Chancellor**
Dr. Ethel H. Hall, Vice President
Alabama State Board of Education

Closing Remarks ..... **Dr. Ethel Hall**



Dear Nominees:

Congratulations! I am really excited about the hard work, dedicated service, and support that each of you continues to provide in our efforts to achieve excellence in The Alabama College System. Today, we take a moment to recognize you for the talents and skills that you contribute to this vital effort. Excellence in education does not just happen. It is the result of excellence consistently delivered by faculty, staff, and administrators who know what they are doing and who care constantly about doing it better.

When people perform things in life in an uncommon way, the world will sit up and take notice. Today, we notice that Alabama's community, junior, and technical colleges include some of the most outstanding faculty, staff, and administrators in the nation.

To reward and promote the highest standard of professional excellence, the Chancellor's Awards recognize you today for special noteworthy contributions and accomplishments you have made to your college, community, and to The Alabama College System. This year, we have added to the Chancellor's Awards the recognition of outstanding alumni within the System. We are not selecting one person as Alumnus of the Year, but will recognize all alumni nominees as outstanding.

You are an asset to your institutions and your communities, and I hope that you retain your association with them for many years to come. You who are represented here today have developed students to be outstanding citizens and producers of goods and services. The Alabama College System faculty, staff, and administration provide an educational experience that is exceptional and extraordinary and represents excellence at its best.

Thank you for the leadership you have provided to your communities and your college. I am happy to have you among our faculty, staff, administrators, and alumni and want you to know that your contributions are recognized and appreciated. Again, thank you for your professional commitment and dedicated service and for all you mean to The Alabama College System.

Sincerely,
Fred Gainous, Chancellor

Dear Nominees:

We in The Alabama College System train students to be contributing citizens of the world. Within each college we must have the best services available to assist students, whether their goal is transferring to a university or seeking employment. We must hold out to each of our communities the best prospect of broadening opportunities for personal enrichment and lifelong learning to ensure quality in the civic, social, and cultural affairs of those communities.

We look to those we honor here today to provide these services. In your own right, you are the best of the best. Our faculty, staff, and administrators carry the burden of achieving the successful preparation of our students for the next century. Our outstanding alumni bear the responsibility of serving as the best examples for our students. As leaders and future leaders, you are the people who can see things differently and become agents for change in the education paradigm for tomorrow. It is only proper that we recognize all individuals who have made invaluable contributions to our students and to our future.

We do this by publicly recognizing you as the standard bearers of professional excellence through the Chancellor's Awards.

Sincerely,
Ethel Hall
Vice President
State Board of Education

Nominees for Outstanding Administrator of the Year

JEANNIE ARD
Faulkner State Community College
Assistant to President for Business Services
Member of Postsecondary Advisory Committee on Policy Matters; Member ACA Financial Mgmt. Assn. Policies, Procedures and Standards Committee
